PROFESSIONAL SUMMARY

Senior Frontend Developer with **4+ years of experience** building scalable, high-performance web applications using **React.js, Next.js, TypeScript, and JavaScript**. Experienced in developing enterprise-grade SaaS platforms, architecting reusable component libraries, integrating REST APIs and third-party services, and delivering responsive, accessible (WCAG-compliant), and SEO-optimised user experiences. Passionate about performance optimisation, clean architecture, and collaborating with cross-functional teams to build reliable, user-centric products.

EXPERIENCE / PROJECTS

Frontend Engineer Mobikasa Pvt. Ltd.

06/2025 - 07/2026 Delhi, India

BoxFo https://boxfo.com

Developed and maintained a multi-portal SaaS platform (Admin, Partner, Customer) for virtual mailbox, mail forwarding, and luggage storage services.

- Feature Development:** Delivered end-to-end modules including customer onboarding, KYC verification, virtual mailbox management, mail processing workflows, subscription lifecycle, wallet & payment systems, and role-based administration.
- CMS Development:** Built a **drag-and-drop page builder** using **Puck CMS**, enabling non-technical users to create and manage dynamic marketing pages through reusable visual components.
- Integrations & Analytics:** Integrated **Stripe, BlueNotary, Socket.io**, Google Maps and implemented **Google Tag Manager (GTM)** with custom event tracking, conversion tracking, and UTM/session analytics to measure user engagement and marketing performance.
- Performance & Quality:** Enhanced application performance through lazy loading, code splitting, optimised API interactions, reusable component architecture, responsive design, and WCAG-compliant interfaces.
- Security & Analytics:** Implemented secure authentication, middleware-based route protection, session and UTM tracking, cookie consent management, and event analytics for user behaviour and marketing attribution.

Frontend Javascript Developer Solvative Pvt. Ltd

03/2024 - 05/2025 Ahmedabad, India

Stock Management System https://stock-management...

Developed a full-stack stock management application for retail shopkeepers.

- Secure Authentication:** Implemented JWT-based authentication and role-based access control.
- File Upload & Data Processing:** Built a robust file upload feature that validates Excel data and stores stock details in MongoDB.
- Real-time Search & Pagination:** Integrated real-time search and efficient pagination to enhance data accessibility.
- QR Code Scanning:** Incorporated QR code generation and scanning for quick retrieval of stock details.

Pacific Life

Insurance project involving React development. My primary focus has been on identifying and fixing bugs across these portals to enhance functionality and user experience.

- Bug Resolution:** Successfully resolved numerous critical and non-critical bugs, improving the overall stability and performance of the portals.
- Code Quality Improvement:** Improved overall application quality by enhancing code maintainability through rigorous code reviews and refactoring, ensuring fully responsive designs for optimal multi-device user experiences, and collaborating closely with design and backend teams for a seamless, intuitive interface.

React Developer/Frontend Leeway Hertz Pvt. Ltd

03/2022 - 01/2024 Gurgaon, India

YourNFTGuru https://dev1-qa.yournft.guru/

Platform for creating and selling NFTs. Played a pivotal role as the sole frontend developer in developing two portals leveraging React, Tailwind CSS, and Material UI.

- AI Integration & API Execution:** Integrated Leap AI to generate NFT images and multiple APIs for functionality and seamless communication with backend services.
- State Management & Responsiveness:** Implemented Redux for state management, ensuring accurate tracking of tokens deducted for each function and guaranteeing a fully responsive design.

KEY ACHIEVEMENTS

- Performance Optimization**
Reduced page load time by 30%, enhancing user experience and engagement across all applications.
- Leadership And Execution**
Led team to deliver major feature updates, increasing customer satisfaction.
- Bug Resolution Efficiency**
Resolved over 1000+ critical bugs, boosting applications stability and user retention.

SKILLS

Languages

JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend Frameworks & Libraries

React.js, Next.js, Redux Toolkit, React Hook Form, Tailwind CSS, Material UI, Bootstrap, Styled Components, SCSS/Sass, Framer Motion

Backend & APIs

Node.js, Express.js, REST APIs, GraphQL, Axios

Frontend Architecture

Component-Driven Development, State Management, Responsive Design, Server-Side Rendering (SSR), Reusable Component Architecture, Code Splitting, Lazy Loading, JWT Authentication

Performance, SEO & Accessibility

Core Web Vitals, Technical SEO, Dynamic Sitemap, Robots.txt, Image, Performance & Bundle Optimisation, Semantic HTML, WCAG 2.1, ARIA, Keyboard Navigation

Tools, Integrations & Collaboration

VS Code, Cursor, Postman, Jira, Confluence, Figma, Retool, Puck CMS (Drag-and-Drop Page Builder), Google Tag Manager (GTM), Socket.io, Agile/Scrum

Testing & Code Quality

React Testing Library, SonarQube, ESLint, Prettier, Husky

Build Tools, Version Control & Deployment

Webpack, Vite, Babel, npm, Yarn, Git, GitHub, Bitbucket, CI/CD, Docker, Vercel, Netlify

Databases

MongoDB, MongoDB Compass, 8Base

EDUCATION

B. Tech in Electronics & Communication Chandigarh Group of Colleges

08/2017 - 05/2021 Chandigarh

TRAINING / COURSES

Javascript Certification Great Learning Academy

React JS Certification Great Learning Academy

6 months training in PYTHON INFOWIZ PVT. LTD. Chandigarh

STRENGTHS

- Creative problem solver**
Exceptional problem-solving skills with innovative approach to challenges.
- Effective team player**
Strong collaborator in dynamic environments with cross-functional teams.
- Continuous learner**
Committed to learning and implementing cutting-edge technologies.
